DMKI-FPTE 154195 R1

<b>Designation</b>	<b>CENTRALIS uno RTS</b>
<b>Reference</b>	<b>154195</b>
<b>Range</b>	<b>Inteo</b>

## FUNCTIONS

The **CENTRALIS UNO RTS** is an individual control system for AC motor with an integrated radio receiver compatible with all RT and RTS transmitters, which allow to manage multiple controls. Up to 12 RT and RTS controls can be recorded in the Centralis uno RTS.

- Possibility to disable the radio commands (and automatism) by a 0/Auto switch.

**"Auto" position :**

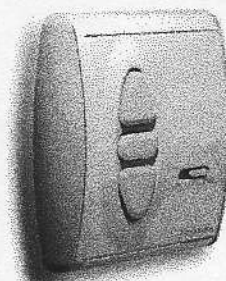

All the commands from the push buttons (local control) and from the radio controls (master control) are taken into account. The sun automatism is activated.

**"0" position :**

Only the push button commands are taken into account and the radio commands are disabled (this feature allows to isolate a room from the master control). To force the control of the **CENTRALIS UNO RTS** with radio, the radio command should be longer than 2 sec. The sun automatism is deactivated.

- With the **CENTRALIS UNO RTS**, it is possible to set one or two intermediate positions (one accessible from the top of the roller shutter and one from the bottom). To record these positions, the **CENTRALIS UNO RTS** has to record the time for the roller shutter to go from its top to the IP and also the time from its bottom one to the IP.

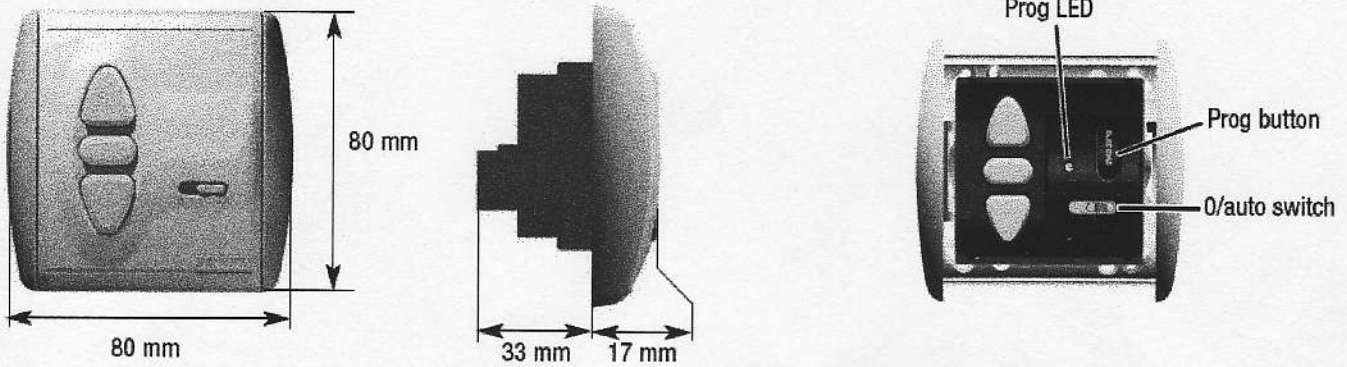

- It is able to control the roller shutter, according the SUN conditions only.

## TECHNICAL SPECIFICATIONS

Box	Material Color Size Protection factor against solid & splashproof	PC White Grey 80 x 80 x 50 mm IP 40 Class II product
Supply	Nominal Limits Frequency	230 V ~ 207-253 V ~ 50 Hz
Radio frequency Radio sensitivity		433.42 Mhz -106 dBm
Protocol		RTS
Temperature range	Storing Working	-15°C / + 70°C -0°C / + 40 °C
Connectors		Screws / Socket
Antenna		Built in
Output relays Output temporisation		250 VAC~ 3A cos f 0.9 180 s
Weight		130 g
CE Requirements		YES

## DESCRIPTION

## COMPATIBILITIES AT THE 26/10/06

### Inteco controls range :

- Inis RT (phase 1 & 2)
- Centralis RTS
- Telis 1 RTS
- Telis 4 RTS
- Telis Soliris RTS
- Telis Soliris Lighting RTS
- Chronis RTS
- Chronis Easy / Smart / Comfort RTS

### Lounge controls range :

- Situo RTS
- Telis 1 RTS
- Telis 4 RTS
- Telis Soliris RTS
- Telis 4 Soliris RTS
- Composio 20 RTS
- Impresario RTS

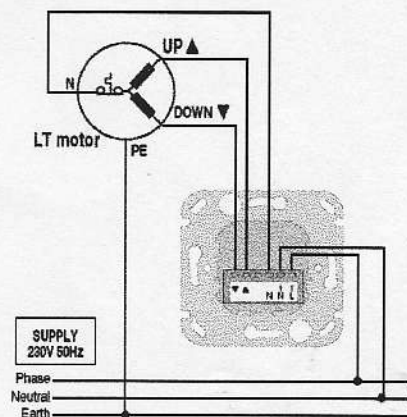

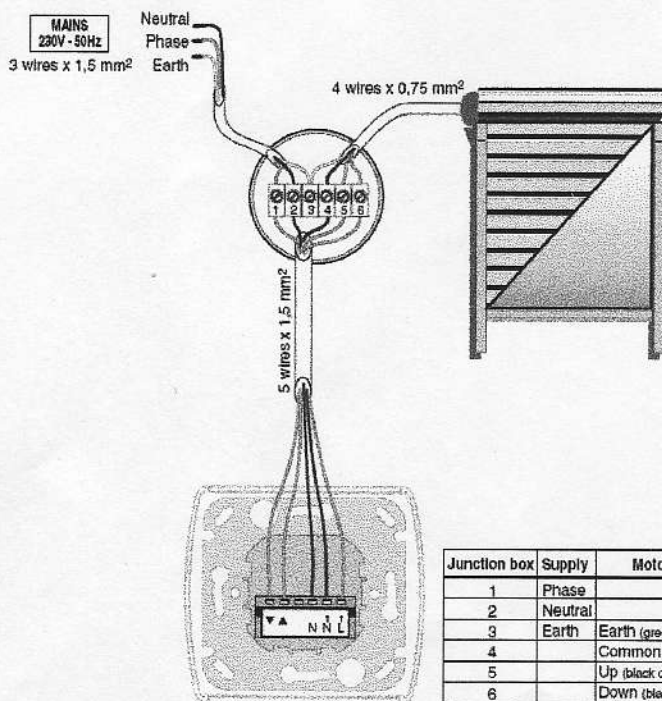

### Others controls :

- Keytis<sup>NS</sup> 2 & 4 RTS
- SL 7077
- Dry contact transmitter (SL 2070)

### Sensors range :

- Sunis RTS
- Soliris RTS
